

PDA Device Report

Date: 07 July 2026

Prepared for	Reflexion Tech	Prepared by	Injaaz Facilities Management
Subject	PDA devices — kiosk application removal (battery drain)	Devices affected	PDA tablet fleet (11 devices)

1. Issue

It was observed that the battery on the PDA devices was draining excessively due to the kiosk application running continuously in the background. The kiosk application was therefore removed from the devices, and after testing, the battery is now stable. The devices continue to operate under the MDM policy profile with the approved applications (Camera, Gallery, Reflexion Tech App and WhatsApp), so device control and security are not affected.

2. Devices Covered

#	Model	Color	IMEI	Serial Number	Sign
1	TAB8	Lumo Gray	864394072360540 / 864394072410949	GPSZ2025022509958
